- Who do we hope a home or community feels like
- How will we create this community

See Stakeholders: Scan your community, who is all here? Who has a stake in creating healthy space.

Think Asses: Think about what is needed. Set goals, create framework, list tasks, who will lead and check the list off? Who are the local resources, tribal, or state resources.

Do Create a map of core moving parts, adapt for your community, engage and pace all the stakeholders in change efforts.
